THE CLEAR SOLUTION TO A HEALTHIER POOL

The Sea Salt pool sanitiser does away with chemicals. No Chlorine Powder or pool pills needed. Keep your pool clean the natural way and enjoy:

- Softer, sparkling water - looks and feels great all the time.
- No red eyes, no dry skin, no dry hair.
- No chlorine allergies.
- Automatic sanitising - no more daily dosing of chemicals.
- Clean Healthy water – natural salt exhibits a therapeutic and healing effect on the body.
- Expensive and hazardous chlorine compounds need no longer be handled, stored or transported.
- No system components are installed in the pool – all components are fitted at the pump and filter.
- Water salinity of 0.7% - close to the human body's own salinity level of 0.9% and well below sea salt salinity of 3.5%
